

C.R.I. PUMPS
Pumping trust. Worldwide.

DISCOVER CUTTING - EDGE TECHNOLOGY

60Hz

ECW SERIES

EN733 - END SUCTION PUMP

APPLICATIONS

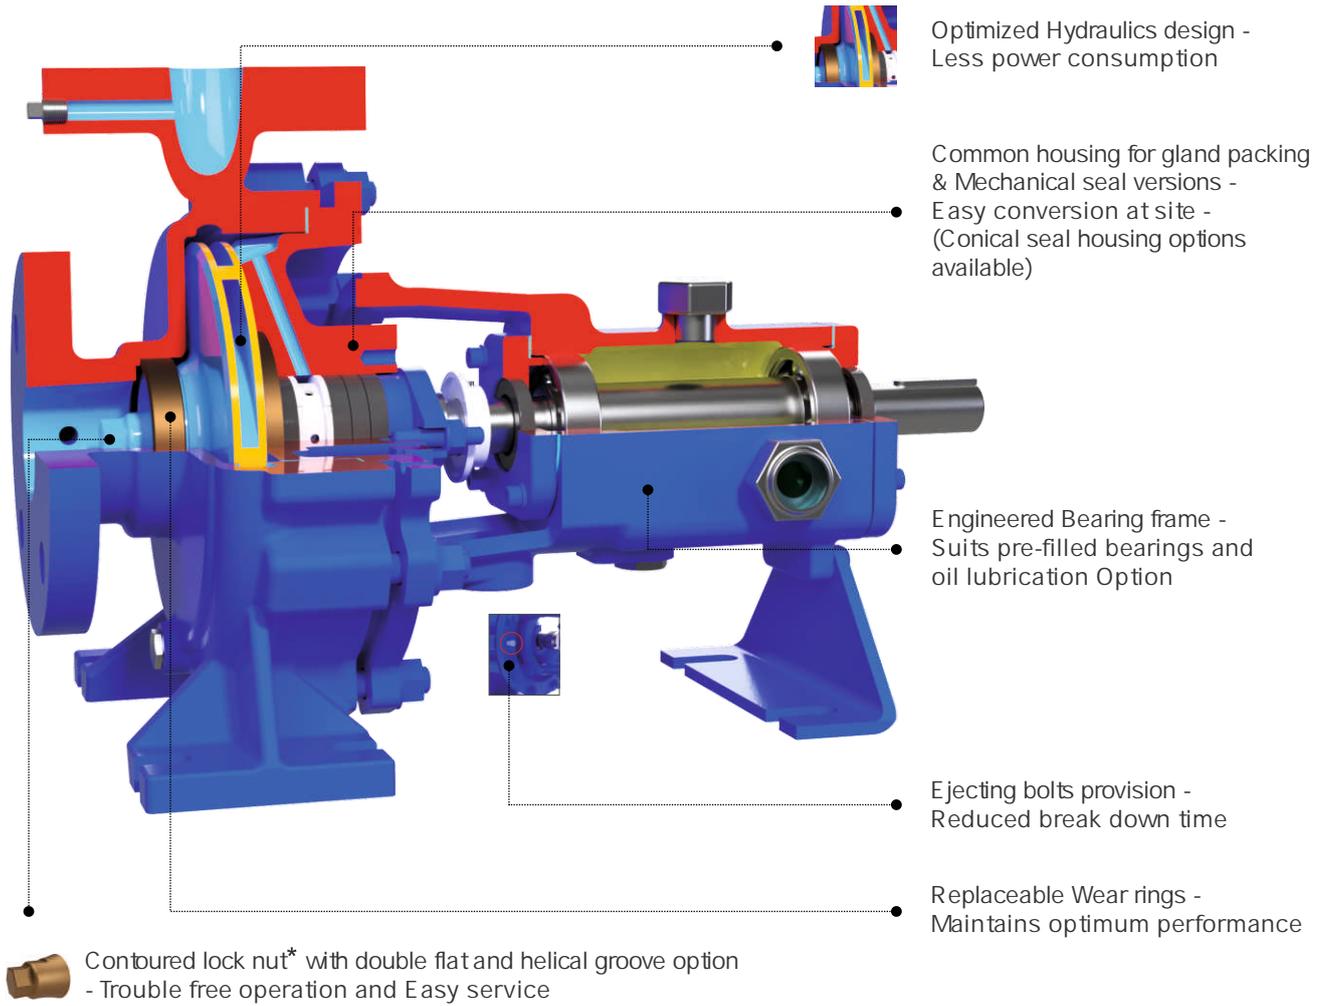

- Water supply
- Heating & air conditioning system
- Fire fighting
- Pressure boosting
- Non aggressive water & liquid
- Breweries
- Fountain & irrigation
- Utility water

Backed by experience of over six decades standing, state of art prototype facility, manufacturing expertise and of course a passion for quality, CRI pumps have often set the benchmark in providing reliable solutions as evident from its Industrial pump ranges.

ECW Series - Reliable and high quality, Horizontal single stage, End suction, Centrifugal, Foot mounted pump designed as per EN 733 Standard, to pump water and other liquids with low contamination.

12+ wholly owned subsidiaries spread across all continents with assembly / packaging and technical support capabilities, to ensure timely delivery and service.

FEATURES & BENEFITS

Contoured lock nut* with double flat and helical groove option
 - Trouble free operation and Easy service

- 29 sizes as per EN 733 Standard & additional 14 sizes as per manufacturer standard with 3 bearing frame assembly ensure spare parts interchangeability, reducing inventory cost
- Close coupled & Vertical sump configuration also available

TECHNICAL SPECIFICATIONS

60Hz

■ Flow	: upto 2641 GPM
■ Head	: upto 524 Feet
■ Impeller Type	: Enclosed Impeller
■ Outlet Size	: upto 6"
■ Power	: upto 268HP
■ Material of Construction (MOC)	: CI, Bronze, Stainless Steel
■ Maximum working Pressure	: upto 16 bar

Note :

*Patent pending

** Note : * Standard models upto 194°F , Contact manufacturer for high temperature
